pdxphp: CASH Music DIY

Jonathan "Duke" Leto

What is CASH Music, really?

CASH Music is a non-profit, a free + open source codebase and a community

CASH Music: The non-profit

- We don't want just another music tech startup
- We want to level the music tech playing field
- Originally founded in 2007 by Kristin Hersh of Throwing Muses and Donita Sparks of L7

CASH Music: The codebase

- PHP 5.2.x with no outside dependencies
- Tiny bit of Javascript (progressive enhancement)
- A growing test suite to make sure stuff works

@dukeleto

CASH Music: The community

- Still small but growing fast
- Various artists, labels and musicians with an eye on the future
- First wave Mozilla WebFWD Fellows
- Are you the next to join?

How Can I help?: Non-developers

- Internationalization: German, French, Spanish, Portuguese
- Docs: Screencasts, howtos, walkthroughs/etc
- Manual testing on your webhost
- Adding helpful hints to every admin screen
- Accessibility: Make DIY usable for those with screen readers...

How Can I help?: Developers

- GUI asset uploader
- Analytics visualization (d3?)
- Migrate us to an Internationalization Framework
- Streamline OAuth/API key discovery
- Javascript tests
- DB Design review
- Chef recipe for DIY
- More Unit+Integration tests
